TOTAL SCORE									95

118 – 97: Very Masculine

102 – 83 without rising sign

Always pushing forward, you prefer to focus on what's coming next and tend to move through things using very little caution or consideration. You are often either unaware of your emotions and feelings or you choose not to address them. You have a direct and factual style of communication and expect people to be direct with you. You are often completely unaware of the affect you have on people.

96 – 75: More Masculine

82 – 64 without rising sign

Keeping things moving is more important than being careful. You try to consider how you affect people. However, you don't always understand the depth of emotions some people have and how you affect people because you prefer not to get deeply involved with feelings. At times you are unaware of how the things you say affect people because your communication is more factual than based on feelings.

74 – 53: More Feminine

63 – 45 without rising sign

You take time to feel and savor things as you move through life. It's more important to experience the moment than it is to push forward. You use caution in making decisions because you are aware of the dangers in life. You understand your feelings and the affect you have on other people, making you careful in communicating with people. Feelings are more important than facts.

52 – 30: Very Feminine

44 – 25 without rising sign

You feel things deeply and take in everything you encounter, experiencing things thoroughly. You are cautious in moving through life, always vigilant to every possible danger. Your sensitive nature gives you insight into the feelings of others making you very careful in communicating with people. As people often affect you deeply, you are also acutely aware of the affect you have on other people.
